

PRO SERIES

Commercial Drywall Cart

Designed for the Pro's, our commercial-grade, high-capacity cart is engineered to handle up to **3,200 lbs.** The oversized, sloped deck is built to move heavy materials safely, reducing the risk of slipping or tipping. Its welded steel frame is finished with a durable powder coat for superior corrosion resistance and durability in demanding environments. Multiple 8" caster options to match your needs: Max-Performance for effortless maneuverability, Max-Endurance for long-lasting wear, or Max-Hard for maximum durability with the toughest polyurethane tread.

CASTER OPTIONS

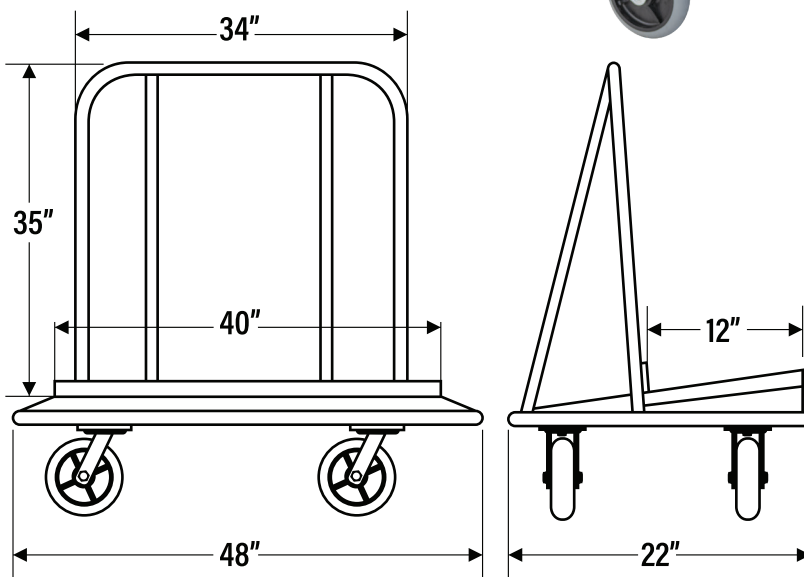

8" Max-Performance
Polyurethane Casters

8" Max-Endurance
Polyurethane Casters

8" Max-Hard
Polyurethane Casters
